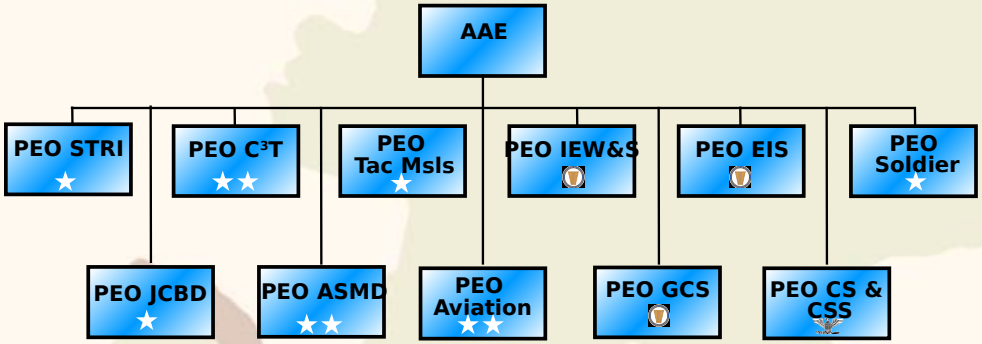
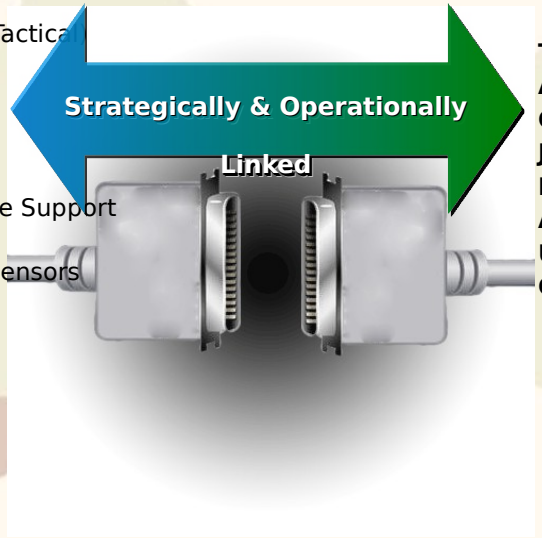
Today's Management Structure

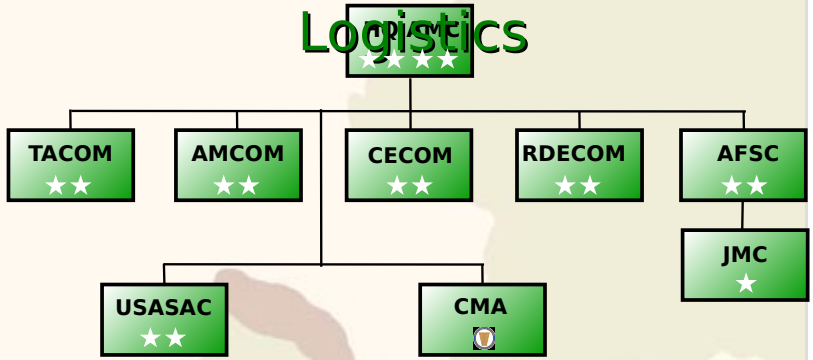
Acquisition



PEO C³T = Command, Control & Communications (Tactical
PEO JCBD = Joint Chemical Biological Defense
PEO ASMD = Air, Space & Missile Defense
PEO Aviation
PEO GCS = Ground Combat Systems
PEO CS & CSS = Combat Support & Combat Service Support
PEO Tac Msls = Tactical Missiles
PEO IEW&S = Intelligence & Electronic Warfare & Sensors
PEO EIS = Electronic Information Systems
PEO Soldier
PEO STRI = Simulation, Training & Instrumentation



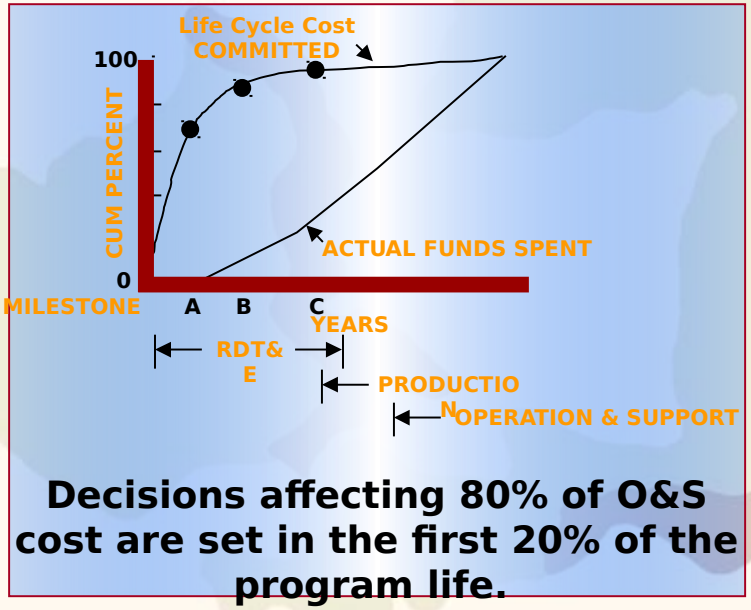
Technology & Logistics



TACOM = Tank & Automotive Command
AMCOM = Aviation & Missile Command
CECOM = Communications & Electronic Command
JMC = Joint Munitions Command
RDECOM = Research, Development & Engineering Comma
AFSC = Armed Forces Support Command
USASAC = United States Army Security Assistance Comma
CMA = Chemical Munitions Activity

Why Bring AL&T Together?

- Overcome a culture of Acquisition vs. Logistics
- Enable true Life Cycle Management
  - Less need for "reliability growth"
  - Focus on cost throughout the life cycle
  - Affordability & Sustainability
  - One voice in the requirements process
- Good Products Even Better
  - "Rounded" view of weapons systems activities
  - Potential for synergy
  - Customer focused acquisition
  - Enhanced opportunity for cross-training
  - Less Footprint?
- Products to the Soldier faster



Decisions affecting 80% of O&S cost are set in the first 20% of the program life.

Integrate & Synchronize Acquisition, Logistics & Techno

Initiative

Align AMC system commands (AMCOM, TACOM, CECOM, JMC) with related PEOs into product focused Life Cycle Management Commands (LCMCs).

Alignments

Aviation/Missile
AMCOM
PEO Tac Msls
PEO Aviation

Soldier/Ground
TACOM
PEO Soldier
PEO GCS
PEO CS & CSS

Communications/Electronics
CECOM
PEO IEW&S
PEO C3T

Joint Ammunition LCMC
JMC
PEO Ammo

- Alignments Reviewed Annually
- Following PEOs are not aligned in the Life Cycle Management concept: - PEO STRI, PEO JCBD, PEO ASMD, PEO EIS
